At Last, a Total Solution for Your Restaurant at an Affordable Price

“24-7 delivers the best POS System I’ve used in the past 15 years. It does everything we need to do and more. I especially like the reports that track sales and labor that the point-of-sale system delivers to my Blackberry. The solution has exceeded our expectations. Our employees found the system highly intuitive to learn, minimizing the training required to get it up and running.”

Lonnie Glickman, Manager of Baja Fresh Mexican Grill, South Beach, Florida.

The **24-7 all-in-one Point of Sale Solution** provides the tools needed to communicate with your kitchens and manage cash and employees to better manage your business. We take each transaction rung by a server, cashier or bartender and electronically move this information all the way to your accounting system. More importantly, restaurants prefer our solutions because the 24-7 POS solution is:

- Full-featured
- Easy-to-use
- Quick
- Cost effective

And 24-7 systems are supported 24 hours a day, 7 days a week and 365 days a year.
